

ROSEVILLE COMMUNITY PRESCHOOL

How often do you get the chance to make a child’s day? How about change a child’s life? At Roseville Community Preschool, we change whole families’ lives for the better every day and we need your help to keep doing it.

Roseville Community Preschool opened its doors nearly 60 years ago and serves hundreds of children from throughout the greater Sacramento area. The school was elevated by world renowned educator, Bev Bos, whose passion for children was contagious! Under Bev’s guidance, the school evolved into a unique child-centered space where children are free to explore and discover in a free-flowing environment that best prepares them to be innovative problem solvers, socially adept and empowered children, and productive and centered adults (and the best kind of employees). Our school is truly unlike any other.

Our goal is to ensure that all families have access to our school. Families of all means and a variety of special needs are welcome. To make this possible we continue to seek the support of community-minded businesses like yours through our premier fundraising event, the RCP Play It Forward Auction and Community Night which will be held March 21st, 2020.

In addition to a silent and live auction, this night will host a variety of community business-sponsored games and activities of chance and skill for our attendees to participate in. All proceeds from this night will help provide paint, music, play structures and anything else a child needs to further their imagination, creativity, freedom and exploration. Your donations will help ensure any family who wishes to be part of our co-operative preschool is able to do so.

Please feel free to reach out to our fundraising team by email, fundraising@rosevillecp.org, or contact the preschool directly at (916) 786-9536. Our committee of parent volunteers would be most willing to pick up any donation you have at your location. Thank you very much for your time and consideration.

Sincerely,
Michael Leeman and the Fundraising Team
